Principal's Welcome

It is my great pleasure as Principal to invite you to browse our school prospectus, through which we aim to provide all the information you will require as a parent or carer, or as a member of our community. This prospectus is a testament to the incredible work of our students and staff, with many examples of the opportunities our young people take advantage of to extend their learning.

Visitors to the school comment on how well our students interact with each other and staff, which creates a very purposeful, calm yet friendly and welcoming atmosphere in which students have the opportunities to fulfil their potential.

We are an inclusive school in which everyone works together to be the very best they can be. As one of the schools in the Central Region Schools Trust, our community benefits from the support and resources of the Trust, providing students with innovative learning and life-enhancing opportunities.

Through the Trust's Teach Central programme, we recruit and train people to become teachers. It also has a wide range of professional training opportunities for existing staff.

These initiatives make Arrow Vale a very desirable place to teach, and to learn to teach, which means we can attract and develop the very best staff to work at our school. This clearly enables us to secure the best possible learning environment for our students.

Central Region Schools Trust schools are distinctive, with a particular passion for academic success generated through creative teaching and learning, and skills development, that best prepares students for the world beyond school.

valuable 'real-world'
learning
OFSTED

Our curriculum is challenging, engaging and offers individual learning pathways for all. Students can pursue all routes into higher education or employment via a wide range of option choices. We ensure that all students have the advice and guidance needed to make fully informed choices for Key Stage 4 and Sixth Form, and we encourage parents and carers to be involved in the decision making process at these importance times.

To be fully prepared for the future, skills are as important as knowledge. At Arrow Vale we place a strong emphasis on the development of literacy and communication skills; oral, written and technological. Within every lesson and tutor time, students will also develop a range of skills through our Learning 4 Life (L4L) programme. The programme focuses on the vital KASE skills: Knowledge, Attributes, Skills, and Experiences.

We place a high value on the social, moral, spiritual and cultural aspects of education as it is these which will help our students become young people who have an understanding of the world around them and their place within it. These values are embedded across the curriculum, Learning 4 Life and assemblies, and contribute to the holistic education of all our students.

Students value their relationships with staff, which are centred upon care, challenge and support.

OFSTED

Through our Student Support structure, which includes Form Tutors, Heads of Year and Year Team Leaders, all students receive personalised support and guidance. Everyone is involved with ensuring that each child fulfils his or her potential and matures into a respectful, honest, hardworking member of the wider community.

Integral to our inclusive ethos is our Learning Support team. They strive to identify and provide the most appropriate curriculum and emotional support to meet the individual needs of every child. The team supports learning in the classroom as well as offering a range of support classes to address specific literacy, numeracy, language, social and emotional needs. We can also offer a more supported curriculum and learning experience through the student support house, our onsite house for students who need more structured support in a smaller environment.

Nurturing every individual's self-esteem is also a fundamental part of our work at Arrow Vale. The Learning 4 Life programme, along with personal guidance and mentoring, helps students to value their own and others' contributions and skills. Through our varied celebration events and rewards systems we ensure that all successes and achievements are shared and valued. All members of our school community are expected to treat each other with respect, tolerance and encouragement.

Personal Development

Personal Development is about raising young people's achievements through an organised, powerful approach to learning in which direct experience is of prime importance.

At Arrow Vale, we believe very strongly in the provision that we can offer the students, in our care.

We provide opportunities to learn, and enjoy experience outside of the classroom.

At the school we believe that Personal Development can be delivered in three provision programmes:

Discovery Programme

This programme involves a variety of visits, trips, and enrichment activities to encourage students' learning.

The Discovery Programme encourages students to develop their personal skills or interests which will enrich their stay at Arrow Vale.

Excel Programme

This is a tailored programme of subject intervention, coursework catch up and revision sessions to raise the academic achievement of students. The excel programme can occur before school, lunchtime and after school.

Aim Higher Programme

This is a transition programme which aims to develop students' confidence, emotional & social develop-

That's why we place such a strong emphasis on attendance—and why we work closely with students and families to ensure that every child is supported to attend, achieve, and thrive.

The school effectively analyses trends in attendance and provides additional support,
OFSTED

We expect all students to attend school every day, unless there is a genuine reason not to. We also ask that parents and carers support us by prioritising attendance and punctuality at home. Together, we can give every student the best possible foundation for their future.

We are proud to have been awarded the Inclusive Attendance Bronze Kitemark, in recognition of the work we do with students and families. This national award highlights our commitment to creating a culture of belonging, support, and high expectations. At Arrow Vale, we don't just monitor attendance ...

...we make every day count.
